

Rules and Regulations regarding  
Columbarium of the Lake Side Cemetery

(September, 2015)

1. The following are laws and rules governing the Columbarium within the Lakeside Cemetery of Frazee. The cemetery is owned by the City of Frazee and maintained by the Lakeside Cemetery Association.
2. The City of Frazee and the Lakeside Cemetery Association shall have the control and supervision over the cemetery. The Lakeside Cemetery Association shall be responsible for the care and appearance of the Cemetery.
3. The columbarium is situated in a picturesque setting. Because of this there is no room for benches or permanent additions to that setting.
4. No more than two urns from cremation may be placed in a single niche. But within each niche, there is room for 2 urns only if those urns are the basic non-ornate type. **If your desire is to place a more ornate and detailed urn, there is room for only one per niche.** *The size of each niche is 11 ½" deep, 12" wide and 11 7/8" high.*
5. Any damage to niche face plate is the responsibility of the owner once it leaves the columbarium.
6. The niche face plate must be removed by the cemetery sexton. Sealing of each niche is of a less than permanent adhesive until final encrypting has been done, then the seal will be permanent. The Cemetery sexton must be contacted to seal that plate for both the temporary seal and then the final seal.
7. The City Office must be contacted when ashes are placed to keep a thorough record of all remains that are placed within the Columbarium.
8. Deed holder may contact any firm to etch the plate of their niche. However on the niche plate there must be no unchristian or unscriptural epitaphs...Heathen symbols may not be brought in, nor be permitted to be placed near the columbarium.
9. Neither the City nor the Association are liable for any loss or damage caused by an act of God, thieves, vandals, or any malicious doings to personal property.
10. Deed holders and/or their heirs must adhere to the regulations stated above.
